

RENTAL APPLICATION

We are looking for good winter caretakers for our summer rentals and require some basic background information before scheduling a viewing appointment for the unit. This is an interactive PDF form so you are able to complete everything on your computer, save the file and mail it back. When you save, please use the Save As Feature under the File dropdown and name the file with your first initial and last name. For example, my name is Jim Thomas so I would save the file as jthomas. This application is broken into different categories dealing with information about your rental group, information as to your financial status, and rental history.
